

Discover the Wilderness

5-day husky tour

Discover Europe's last wilderness on a husky sled

Did you know that the cleanest air in Europe is in Pallas-Ylläs National Park, in North-West Lapland? Our 5-day husky tour follows the forests and frozen lakes on the edge of the national park. Each participant drives his own dog-sled team of 4-6 dogs. The daily distances vary between 25 and 40 kilometres, depending on your physical condition and the weather. This safari is a unique opportunity to admire the untouched nature of Lapland! Fire making skills are tested during the overnights in the simple wilderness huts.

PROGRAMME:

Day 1

Arrival at Kittilä airport, transfer to Muonio, Harriniva Holiday Centre. Dinner in Harriniva. Overnight in cosy log cabins near Harriniva.

Day 2-6

After breakfast you will be provided with safari equipment and given a short introduction to the programme of the next days. You meet the dogs, the sleds will be packed and you will be taught how to handle the sled. Start of the safari.

The route will take you through the beautiful forest scenery, partly close to the treeless fell-region, over frozen lakes and along the rivers. Each night is spent in different, simple but cosy huts without electricity. Each hut has a sauna to wash yourself and a wilderness wc (without water). Everyone takes care of his dog team, helps to prepare the meals and make fire. Breakfast and dinner are prepared in the huts, lunch by open fire in the wilderness.

On day 6 return to Harriniva in the afternoon. Go through your safari memories together once more during a delicious farewell dinner with Lappish specialities. Overnight in cosy log cabins near Harriniva.
