HIGHLIGHTS OF LAPLAND

The most complete Lapland experience mixed with arctic relaxation.

In our beautiful situated hotel and cabin village Jeris you can every day enjoy another Lappish highlight to discover the best of our winter wilderness.

Jeris is situated at the shore of the lake Jeris surrounded by magical winter forests next to the National Park Pallas. A short walk on the lake will show you the magnificent views of the fells of the National Park.

Huskeys, reindeer, snowmobiles, snowshoes and cross-country skis with lunches around open campfires, in traditional Lappish kotas and the ice restaurant are all part of the game. On top of that an evening about the magnificent Northern Lights and, with a bit of luck, the chance to see them live at a campfire.
